Professional Summary

Unity Programmer with over 4 years of experience in game development, augmented reality (AR), and real-time 3D applications. Strong expertise in C#, Unity 3D, shader programming, and VFX, with a proven ability to develop engaging gameplay systems and interactive experiences. Experienced in delivering mobile games, AR projects, and performance-optimized applications across multiple platforms.

Work and Project Experience

Weyrdworks (Nov 2021 - Feb 2025)

Unity Programmer

- **Gameplay Programmer** - Developed and delivered multiple Unity 3D-based mini-games, interactive experiences and indie games.

Instamedia (Sep 2020 - Apr 2021)

Junior Unity Programmer

- **Gameplay Programmer** - Developed and delivered multiple mini-games and augmented reality (AR) experiences using Unity 3D and Spark AR. Implemented gameplay logic using C# scripting and visual scripting
- **Shaders & VFX Programmer** - Created shader effects and VFX using Unity's particle systems and shader programming
- **Sequence Programmer** - Designed and implemented timeline-based sequences using Unity Timeline Editor based on client storyboards
- **Research and Development** - Researched on various Augmented Reality software and plugins that utilised for specific projects requested by the clients, such as Facebook's Spark AR and Zapworks Studios.

Polypixel (Dec 2019 - Apr 2020)

Junior Technical Artist

- **Shader Programmer** - Upgraded legacy Unity products to Unity 2019 and HDRP pipeline, improving visual quality and compatibility, performed quality assurance checks including collision validation, prefab setup, and LOD optimization
 - **Gameplay Programmer** - Developed a walkable demo environment to showcase company products on mobile and tablet devices.
 - **Research and Development** - Conducted research on augmented reality and broadcasting technologies for potential business expansion
-

Technical Skills

Game Programming, UI Programming, Shader Programming, VFX Programming

Programming Languages

C#, HTML, CSS

Software Skills

Unity 3D, 3DS Max, Blender 3D, Adobe Photoshop, Clip Studio Paint, Procreate

Version Control

Git (Sourcetree)

Additional Skills

Augmented Reality (Spark AR, Zapworks Studio), Mobile Game Development, Timeline Sequencing, Debugging and Performance Optimization

Educational Background

KDU University College

Jan 2016 – Apr 2019

Bachelor of Game Development (Hons)

Specialisation in Games Technology

CGPA: 3.5

Foundation Studies

Mar 2015 – Dec 2015

CGPA: 3.4

Languages

English, Bahasa Melayu
